Fata Morgana Studios first opened in the summer of 2005. Build in the traditional Cyclades way on the edge of a cliff, Fata Morgana is one of the jewels of the Southern Aigaio. Our 14 tasteful decorated apartments are Located in the main Village of Folegandros, called Chora. From the hotel to the center of the village it will take you about 4 minutes by foot, as the pedestrian way into the village starts almost outside of our entrance. All the Studios are build like an amphitheater, above, around and below the level of the swimming pool , giving them a view

over the horizon and sunsets. There has been put a lot of respect into details and different decorations, no room is like any other and still each one seems better than the other. The Pool Bar has all kinds of Coffees, Drinks and Cocktails which you can enjoy until after the sunset, also it serves a variety of breakfast and snacks. We hope that in a combination with our services and warm hospitality it will be a guarantee for an amazing and unforgettable stay.
