Just 5km away of chania city center the largest track in crete and the only one that has been aproved by the international federation of motosport FIA.

Our track has a lenght of 1100m and a width of 8-12m long including 5 right turns and 8 left turns.

it has been build since 2006 and since then we keep motosport alive for the whole island hosting all of the races.

in our venue there is also one of the biggest playgrounds you can find in the island with more than 250smq of play space divided based on the kids age and always supervised by our experienced personnel.

In addition to all of the above you can also enjoy your beverages and meals in our cafeteria while having the best view of the whole facility.
