In a building dated from 1700 A.D., the 520 project is situated at the heart of Naxos. The only thing to keep in mind is that Protopapadaki street is the first parallel road from the port's coastal road. The bar-restaurant opens every day from the morning just as the sun slowly rises. The 520's sophisticated vibe shines through the service, the menu, and is topped up with an innovative array of cocktails. The rooftop oasis features wooden furniture in a minimal and sleek classic Cycladic-white setting. Lounge sofas, wicker lamps and natural details create a signature boho vibe. There are no thumping beats, just gentle chatter for a quality night with sassy cocktails and modern style bites.
