The apartment has an advantageous position at the fishing village of Faro on the island of Sifnos, 70 meters from the famous fishing taverns at the picturesque port, right next to the sandy beaches of Fasolou, Farou and Glifou and only 20 minutes on foot from the holy rock of Chrisopigi or Hrisopigi ('Golden Spring'). This is the most photographed site on the island. Therefore, the brand new Sifanto Mare Apartments are the ideal choice for friends and families that want to enjoy the Cycladic hospitality in its most authentic form.
