Blue Dolphins is situated in the village of Firostefani, which is a 10 minute walk from the capital village of Fira (through a beautiful pedestrian path on the caldera). We have the privilege of being at a magical location in terms of view and peace of scenery, but also close to the restaurants, bars and nightlife of Fira, the capital of Santorini. Blue Dolphins is also connected to the picturesque village of Imerovigli which is also just a 10 minute walk through a pedestrian path on the caldera.
