Just a few steps from the beach and the historic Old Town, the renovated AQUAMARE CITY + BEACH offers modern, luxury and stylish vacations. It combines both luxury and affordability in an outstanding location where everything is within a few minutes' walk.

The popular Elli sandy beach, home to the island's historic Aquarium, the medieval Old Town, the commercial center for shopping and entertainment, the iconic Casino Rodos and the esplanade, are all in walking distance from our hotel.

We will be happy to share our city insights with you and offer tips and tricks of how you may visit Rodos town while enjoying every moment and relaxing in our comfortable rooms and suites. You are invited to explore the mysteries and beauties of Rhodes, also known as the Island of the Templars, bar-hop in the endless pubs and cocktail places or wander around under the moon on the historic promenade along the coast.

Designed in a contemporary fashion, the trendy AQUAMARE CITY + BEACH transforms dream holidays to memorable experiences! Our modern and sunny rooms will entice you, while the carefully selected amenities and available services will make your stay easy and cherishable.

From the inspired atmosphere in the common areas to our rooms and suites which accommodate original paintings and design furniture, our guests feel at home! The exceptional and friendly service and our top-notch facilities will let you find a home away-from-home!

Starting your day energized after a breakfast in our garden or being lazy while soaking up the sun in our swimming pool, it is entirely up to you! Enjoying the ease of a swim at the beach or a stroll to the tip of the island to watch the sunset are just a few of the options AQUAMARE CITY + BEACH offers. Do not skip trying the carefully selected, Rhodian wines and the cocktail creations in our bar and tasting our local specialties in our OLIVINO restaurant.
