Welcome to the paradise of the emerald Thassos island of the Aegean Sea and Ifigenia Apartments! Our small, family business in the area of Skala Potamia, just 14km away from the capital and biggest port of the island Limenas, was created with our only goal the ultimate relaxation, calmness and joy of our guests. The idyllic location of our apartments, in the verdant slope of the mountain that it's built, with the panoramic view of the turquoise, crystal clear waters of the famous Chrisi Akti Beach, forms the perfect conditions for your mental escape from your everyday routine and the grey atmosphere of the big, dull cities.

Each apartment is unique, with different decoration and furniture, inspired by the nine muses of the Greek mythology, from where the apartments have gotten their name as well. Ifigenia apartments' distance (180m) from the centre of the village and the dreamy shore is ideal(280m), so that even though you don't find yourselves 24 hours a day in the busy, loud streets but at the same time you have immediate access to the beach and any kind of shop that you may need during your stay. Every time you choose to visit us will be a unique, completely different experience for you, but always accompanied with the genuine, thassian hospitality!
