N. Koukoulithras & Sons G.P. has been a successful company for more than four decades. It’s a family business which was established in 1970s, when we first built our soft drink manufacturing and bottling plant in Atsiki, Lemnos. Thanks to our hard work, devotion and professionalism, we’ve managed to expand our business and, since 2008, we have been involved in the wine and spirits industry as well. Our goal is to combine traditional approaches and modern techniques with a view to producing excellent quality beverages that will meet consumers’ expectations.
