Founded in 1979, Semeli is a leading Greek winery and one of the country’s most significant wine-related developments. With deep roots in time-honored traditions and our eyes on the future, we produce wines of exceptional quality offering consumers best value for money.

The sunny Mediterranean climate and the extraordinary terroir, combined with the expert craftsmanship of our winemakers and the successful blending of indigenous and international varieties, result in wines of distinct character that have earned the respect of experts and captured the hearts of wine lovers worldwide.

Having established a strong brand name in the Greek market, we look for new challenges and opportunities in the global arena. With 20% of our revenue coming from exports mainly to the USA and the UK, our growth is driven by three key factors: leveraging our excellent human resources, consistently boosting exports and building long term relationships with our customers by ensuring that our wines top their best buy lists.
