NTA, the translated initials for Water of Love (Nero Tis Agapis), was opened in 2007 by the second generation of the Kaloskami family, who are established for the quality of fish they provide and their 25-year presence in Spetses' gastronomy. As a restaurant of refined standards and in complete harmony with the island aesthetic, NTA offers a vast variety of Mediterranean dishes. Greek olive oil, pasta and risotto, garden-grown vegetables and more local products, such as honey and thyme, accompany the highest quality fresh fish that is caught daily by the family-owned fishing boat and other local boats. With the finest quality of taste guaranteed, along with our commitment to the highest serving standards, you are welcome to enjoy NTA, daily for lunch or dinner, on our beautiful balcony, or on our raised veranda top overlooking the sea.
