The company Karatzis Sails 1986 starts its activity in the field of yachting, first repairing and then fabricating tents, covers, upholstery and sail for boats. The company Karatzis Sails year after year, is developing its expertise, acquired the most modern equipment and uses the best materials to manufacture the best products for its customers. From 2005 until 2015 based on a larger shop in order to meet the multifaceted needs and requirements of its customers. Today, in 2016, the company Karatzis Sails after 30 years of multifaceted career in the yachting prepared a new modern area of 2,000 square meters, creating the largest sail loft in Greece, to provide the best products and the best services all those who believe the boat part of their journey and not just a means to reach their destination.
