Our yacht charters company was founded in October 1996. The personal commitment all these years guarantees a pleasant stay on board and will absolutely satisfy you and your crew. There is no better way to discover the Greek islands than to travel on a bareboat yacht. Olympic Yachting is a serious and professional charters company which has specialized in bareboats. We offer you a fleet which is selected with care, consideration and great equipment for your comfort. Our company's philosophy is pleased customers who come again and again with pleasure and having the desire to discover the Greek islands. To do justice to this

claim, our bareboat yachts are equipped according to the modern needs. In all bareboats is included chart table with ipad that provides Navionics Charts and many different applications and also functions as a WiFi Hotspot. During the last years we have had a high amount of clients who confirmed us by their presence. At Olympic Yachting we make a significant emphasis on realizing each client's unique demands and this is the reason why our mission is to choose the right yacht for you. Last but not least, Olympic Yachting owns the only fleet in Europe which is supplied with solar panels. Thus you are also able to consume solar energy and act ecologically and friendly in order to contribute to the environmental protection. By visiting us you can spend both a wonderful, enjoying and refreshing time and stimulate an interesting and memorable trip on the Mediterranean Sea. We remain at your disposal for anything you need and we will be glad to meet you at your next vacation in Greece with one of the Olympic Yachting's bareboats!
